

Live program 2022

Please check the *Optometry Virtually Connected* platform at ovc.delegateconnect.co to see the program in your local timezone, along with information on refreshment breaks, social events, and more. All presentations are quality-assured by the Optometry Australia Institute of Excellence.

Friday 17 June

Keynote

15:00 AEST
17:00 NZST

The Future Myopia Epidemic
Prof Noel Brennan

Saturday 18 June

Plenary Session

09:00 AEST
11:00 NZST

The Latest Research in Dry Eye
A/Prof Laura Downie

	Stream 1: Contact Lens	Stream 2: Retinal Disease
10:30 AEST 12:30 NZST	The Latest in Myopia Control Dr Pauline Kang	Cataract Surgery in Patients with Retinal Disease - A Practical Review and Update for Optometrists Dr Simon Chen
11:30 AEST 13:30 NZST	New Innovations and Technologies in Advanced/Complex Contact Lenses Mr Lachlan Scott-Hoy	Mastering Retinal OCTs - From Beginner to Advanced Dr Simon Chen
12:45 AEST 14:45 NZST	Behind the science: Alcon's Water Surface Technologies (Sponsor Presentation) Ms Megan Zabell	Optimising Immunomodulatory Therapy in Clinical Practice (Sponsor Presentation) A/Prof Mark Roth
14:00 AEST 16:00 NZST	Demystifying Scleral & Hybrid Contact Lenses: Complex or Not? Mr Richard Lindsay	Five Signs That Will Change The Way You Interpret OCT In Macular Disease Dr Angelica Ly
15:00 AEST 17:00 NZST	Do Rigid Corneal Lenses Still Have a Place in Modern Optometry? Mr Richard Lindsay	Clinical decision making in AMD: analysis paralysis and how to overcome it Dr Angelica Ly
16:30 AEST 18:30 NZST	Unlocking Presbyopia with ACUVUE OASYS MULTIFOCAL with PUPIL OPTIMIZED DESIGN (Sponsor Presentation) Mr Hirdesh Nair	Case Studies & Practical Tips on Co-managing Glaucoma with the Latest Diagnostic & Data Management Tools (Sponsor Presentation) Mr Michael Yapp

Sunday 19 June

Plenary Session

09:00 AEST
11:00 NZST

CXO Presents - Ocular Manifestations of Systemic Disease
A/Prof Maria Markoulli & Dr Katie Edwards

	Stream 1: Anterior Eye Disease	Stream 2: Glaucoma
10:30 AEST 12:30 NZST	Pain Management for Optometrists Dr Alex Hui	Glaucoma Treatment - What comes after diagnosis? Dr Graham Lakkis
11:30 AEST 13:30 NZST	A Stepped Approach to the Management of Ocular Allergy Dr Alex Hui	Visual Field Examination in Glaucoma - Testing and Interpretation Dr Graham Lakkis
12:45 AEST 14:45 NZST	IOL Technology & The Importance of the Optometrist - Tips & Tricks to Improve Patient Outcomes (Sponsor Presentation) Ms Monica Lette, Ms Susan Gaskell & Ms Amy Fortescue	The Paediatric Eye Exam (Sponsor Presentation) Dr Christolyn Raj Complex Cases in Ophthalmology (Sponsor Presentation) Dr Rushmia Karim
14:00 AEST 16:00 NZST	Treatment Strategies in Infectious Eye Disease Dr Jim Thimons	Neuro-Optometric Assessment and Management: Asking the Right Questions About Visual Issues Related to Mild to Moderate Head Injury Mr Steve Leslie
15:00 AEST 17:00 NZST	Pathophysiology & Therapeutic Management of Inflammatory Eye Disease Dr Jim Thimons	Assessment and Management of Diplopia Resulting from Head Injury and Neurological Issues Mr Steve Leslie
16:30 AEST 18:30 NZST	MiSight 1 day - Key Findings from the 7-Year Clinical Study (Sponsor Presentation) Mr Joe Tanner	Improving Lens Performance (Sponsor Presentation) Ms Nicola Peaper
